Someone has got Corps HQ staff riled up. Critical of EPA and john morgan involvement. Talking to the Hill too. Ugh.

Greg,

Jessica and Jeff exchanged voice mails with the COE yesterday. Current plan is to talk to them early next week to set up a post Hurricane meeting.

On a similar note, the last email I received from Consol (Ed Fanning) was sent to me Wednesday at 9:30 am. At that time Ed said "I will check out schedules and let you know. I know that next Friday is not good, but will check out Monday and other times." If I hear nothing new today I will call Ed Monday.

Have you all scheduled a discussion with the Corps and FHWA for next week? Any details would be

helpful - thanks.
